

## Travel with us!

Academic and professional exchanges occur often. In addition, all members are encouraged to travel with sister cities on friendship delegations to embrace new cultures and forge lasting connections!

# our programs

"Sister Cities" prioritizes fostering person-to-person connections through diverse exchange programs. Members actively engage in local initiatives, travel to sister cities, reside with host families, partake in cultural events, and reciprocate hosting. Educational exchanges involve students from New Mexico State University, Doña Ana Community College, and the High Schools in Las Cruces. Cultural and sports exchanges have encompassed music, dance, soccer, and golf tournaments. Friendship delegations facilitate cultural understanding through reciprocal visits to Lerdo and Nienburg. Community involvement spans career building, fundraising, and special events, enhancing awareness of the Sister Cities program.

## Lerdo, Mexico

## Nienburg, Germany
